

## Welcome Back!!

We are delighted to be welcoming you and your children back to the Willows. We appreciate that everyone's 'Lock Down Experience' has been different. Therefore, we would like to offer you the opportunity to tell us how your children found the past few weeks by filling in the following information sheet, if you think this would be helpful for us and your child. Please note this is in no way meant to be judgemental.

There is absolutely **NO OBLIGATION** to do so, if you would prefer to talk to us in person then of course this is also something we will accommodate.

You can print off and fill in the form as a paper copy and return to school or alternatively if you want to complete this word document you can email it back to school to
