

Willows Primary Pupil Premium

2023 - 2024

Introduction

The Government believes that the Pupil Premium, in addition to main school funding, is the best way to address the current underlying inequalities between children eligible for FSM and their wealthier peers by ensuring that funding to tackle disadvantage reaches the pupils who need it most. This additional funding was first introduced in September 2011.

Although the funding is not directly ring fenced, that is, only to be used for one specific purpose, the Government have requested that the schools should show how this funding is being accounted for and the impact on the school.

Data

2023/2024

% of pupils receiving FSM in 2023/24 is 8 out of 371 = **2.2%**
